Welcome to the Duluth Laker's Hockey Association

On behalf of the Duluth Lakers Hockey Association Board, I welcome the player's coaches and families into the Duluth Lakers Hockey Program. I hope that this year will be successful for the players and families to gain hockey knowledge, improve their skills and make life long lasting friends and memories.

One of the goals of the board this season is to improve communication from the board to the players and families. The Lakers board worked to have a web site up and running by the time the season starts to help facilitate this communication. The web site is **www.duluthlakershockey.com**. Please refer to the web site often for your team's schedules and fundraising opportunities.

A second goal of the Lakers Board is to increase the amount of money in the Lakers account. It is impossible to reserve ice time or tournaments without any money in the accounts over the summer months. It is also not possible to keep up on jersey or equipment replacement without this reserve. This year the Fundraising Committee has several events planned to help us reach our goal of increasing the account. Please help us reach this goal by volunteering for the fundraisers.

We would like increased participation in the Lakers Organization. To make the organization a success the more families that are actively involved the more successful the Lakers will be. If you have any ideas that you believe would improve our program please bring it forward at one of the meetings or contact one of the board members. The board meets monthly on the third Sunday of the month at 6pm at the Wheeler Field House. We look forward to your participation and input.
